Flight Information

The accuracy and currency of information contained in this guide is uncertain due to the difficulty in obtaining the information and the rapidly changing environment. Aviators should always check with a country's aviation authority or a local aviation handler to determine any specific aircraft airworthiness/equipment and crew/passenger entry requirements.

Airports of Entry

Due to the volume of AOE's in France, please refer to the free on-line AIP.

Monaco, a self-governed sovereign city state does not have any airports and there are no Customs or Immigration formalities travelling from France to Monaco.

Entry/Exit Requirements

Entry and exit requirements are for aircraft departing the United States non-stop to country of destination. These requirements do not include any technical stops. Please refer to **Technical Stop** section in **Additional Flight Information** for the country at which the technical stop will be made.

Entry and Exit documentation forms vary from country to country. In general, however, ICAO member countries will accept the following standard ICAO Annex 9 Entry/Exit documents:

- General Declaration
- Passenger Manifest
- Cargo Manifest
- Embarkation/Disembarkation Card
- Certificate of Residual Disinsection

Examples of these documents can be found at [IFIM Home>General Information>International Flying Overview> ICAO Annex 9 Entry/Exit Documents](#). The acceptance of these ICAO documents must be confirmed by the appropriate AIS.

Entry Requirements (Departing the U.S.)

- File an [eAPIS](#) manifest outbound (recommend filing inbound at this time)
- File and activate international flight plan
- Land at a designated airport of entry (AOE) – customs and immigration

The following entry documents are required:

Passengers –

- Valid passport
- [Visa](#) (Only required if stay exceeds 90 days)
- No specific vaccinations are required

Pilots – (Part 91) Same as passengers
(Part 135) Aircrew license or certificate in compliance with ICAO Annex 9

Aircraft –

- Cargo Manifest – 3 copies

Exit Requirements (Departing France)

- Cargo Manifest – 3 copies
- Depart from an AOE
- File [eAPIS](#) manifest if inbound to the U.S.
- File an international flight plan
- Call U.S. Customs at filed U.S. airport of entry

Additional Flight Information

Aircraft Instruments and Equipment

U.S. aircraft airworthiness and certification requirements may not meet other countries requirements. It is the responsibility of the pilot to determine if the aircraft meet those requirements.

Standards relative to aircraft communication, navigation, surveillance and airborne collision avoidance equipment are issued from ICAO Annex 10 (Aeronautical Telecommunications) – amendment 79.

The items listed below are for pilots' reference to determine if the aircraft meets minimum instrument and equipment requirements of the destination country. Additional equipment may be required to comply with the airspace navigation requirements.

- 25 kHz VHF Transceiver
- 8.33 kHz VHF Transceiver for flight above FL195
- RNAV (when required must conform to Eurocontrol Standard – Doc 003.93 Version 2.2 – area Navigation Equipment – Operational requirements and Functional requirements.
- ELT or PLB (Personal Locator Beacon)

ICAO Documents can be purchased from ICAO at: <http://store1.icao.int/>

RVSM

[Domestic and International RVSM](#) guidance is provided on the IFIM Home Page. Click on the **Air Traffic** tab and select **Separation Standards** from the drop down list.

Technical Stop / Overflight

Any overflight of the French territory with or without stop, should be performed in compliance with the Civil Aviation regulations applicable to this territory.

Non-scheduled Flights (Charters)

Prior authorization for non-scheduled flights is not required for ICAO member countries.

Non-scheduled carriers may not undertake more than one such flight per month between his country of origin and the French territory.

Private Flights

Non-commercial flights made by civil aircraft registered in an ICAO member country are solely required to file a flight plan with the competent authority in charge of air traffic.

Float Planes

The IFIM Staff is not aware of any Float Plane requirements or restrictions.

Light Sport Aircraft

The IFIM Staff is not aware of any Light Sport Aircraft requirements or restrictions.

Fees

There are varying fees for landing, take-off, parking, passenger services, refueling surcharge, taxes and air navigation fees.

Fuel

Jet A1 and Avgas are generally available at most airports. Refer to the free on-line AIP for more detailed information.

Night VFR

A night VFR flight shall be carried out from and to approved aerodromes. See visual approach and landing charts in the France AIP.

Island Hopping

The IFIM Staff is not aware of any Island Hopping requirements or restrictions.

Aeronautical Charts

Aeronautical charts may be purchased from:

SERVICE DE L'INFORMATION AERONAUTIQUE
8, avenue Roland Garros BP 245
33698 MERIGNAC cedex

Tel: 05 57 92 56 68
Fax: 05 57 92 56 69

Small and Medium scale aeronautical charts:

INSTITUT GEOGRAPHIQUE NATIONAL
107 rue de la Boétie - 75008 PARIS – FRANCE

Tel: 01 43 98 85 10

U.S. Prohibitions, Restrictions and Notices

U.S. Prohibitions, Restrictions and Notices may be found on the IFIM main page under General Information. Click [HERE](#) to open.

Country Specific Travel Information

Public Health Requirements

Aircraft - No health requirement applies to aircraft under normal health circumstances.

DOT: [Aircraft Disinsection Requirements](#)

Passengers - Please refer to the Center for Disease Control and the World Health Organization websites below for any current requirements.

Pets

Every animal must be identified by a microchip (standard ISO 11784 or annex A ISO standard 11785) or a tattoo. If the microchip's standard is different, you must bring your own scanner in order to read the microchip.

Every animal must have a valid rabies vaccination, even if less than 3 months old. If it is the first rabies vaccination for the pet, you must wait 21 days between the last shot of the vaccination protocol and departure.

The official health certificate will be valid for 4 months after signature by a veterinarian and endorsement by the competent authority (USDA). The list of USDA Area Offices of veterinary Services may be consulted at the following URL address:
http://www.aphis.usda.gov/animal_health/area_offices/

The blood test is not required for animals coming from Canada and the United States.
